About Healer Coach Workshops

Healer Coach™ is a proprietary trade name of the Federation of Spiritual Healer Licensing Boards. The member licensing boards of the Federation are dedicated to helping spiritual healers of all religions and spiritual paths practice their spiritual healing according to their spiritual beliefs and practices. The Federation does not discriminate against any religion or spiritual path. The members of the Federation do not discriminate against any person based on their color, creed, financial status, race, sex, sexual preferences or personal life style.

The member agencies of the Federation are:

- The Alliance of Christian Healers (ACHLB), <http://ACHLB.com>, is a non-denominational alliance of spiritual healers from all Christian faiths who believe Jesus Christ is our Lord and Savior and the source of all healing. You must be a member of a Christian Church to join this Alliance and be licensed by this board.
- The Spiritual Health Coach License Board (SHCLB), <http://SpiritualHealthCoach.com>, is sanctioned by the Universal Gnostic Fellowship (UGF), <http://UniversalGnostic.com>. They believe there is one Divine, called by many names and known by many different faces, that is the Source of all healing. You must believe in one Divine Source of everything to be licensed by this board.
- The Spiritual Healer License Board (SHLB), <http://SpiritualHealerLicense.com>, welcomes all spiritual healers who believe the Gods and Goddesses have the power to help us heal ourselves. This board serves Druids, Earth-based paths, Nature-based paths, Native Religions, Pagans, Wiccans and similar groups. You must belong to a group adhering to these tenets to be licensed by SHLB.
- The Reiki License Commission for Reiki Healers and Masters (RLC), <http://ReikiLicense.com>, licenses Reiki Healers (Level 2) and Reiki Masters (Level 3) from any Reiki tradition as spiritual healers. You must be a Level 2 Reiki Healer to be licensed by this board.
- The Independent Science of Mind Church (ISMC), <http://ISOMF.com>, licenses Spiritual Practitioners who subscribe to their tenets and beliefs. You must believe all healing is mental in nature to be a member of this group.
- The Independent Universal Fellowship (IUF) licenses divination ministers, counselors and coaches who follow a spiritual path of Love and Light. The IUF is a fellowship of individual ministers and healers who bond together in fellowship for their mutual benefit.
- The Reiki License Commission (RLC), <http://reikilicense.com>, licenses Reiki Healers and Masters who attaining the rank of Reiki II and higher are able to prove mastery of Ki energy for healing.
- The Fellowship of Modern Essenes (FME), <http://ModernEssenes.com>, license both Essene Companion Healers and Essene Master Healers as Licensed Essene Healers. The FME correspondence courses and self-attunements are required.

If you have any questions about any of these licenses, the Federation encourages you to visit these organizations before you make a decision. Federation members are very open to any healing modality that may help people heal themselves. For that reason the coaching workshops of the following organizations may be substituted for the Healer Coach workshops:

Aromatherapy Coach	Biofeedback Coach	Bioenergetics Coach	Coach 4 Nutrition	Homeopath Coach
Hypnotism Coach	Naturopath Coach	Natural Therapies Coach	The Quantum Academies	Reflexology Coach

If you plan to incorporate a specific profession into your healing practice, we recommend you complete the workshop designed for that profession to satisfy your coaching requirement for licensing. If you are pursuing more than one of these professions, we recommend you choose one as your specialty and incorporate the others into that practice.

The Healing Paradigm

The Federation of Spiritual Healer Licensing Boards ([FSHLB](#)) has adopted the [Essene Healing Paradigm](#) of the Modern Essenes as our healing paradigm. We are indebted to the [Modern Essenes](#) for sharing this great wisdom with all of us.

We believe spiritual healers are a channel for the Divine healing energy anybody can use to heal themselves of anything at any time.

We believe that underlying every physical ailment, condition, disease or disorder of any kind is an unresolved emotional issue. Resolve this emotional issue and the body heals itself.

We believe that underlying every emotional issue of every kind is an undiscovered mental block. Discover and remove this mental block by changing your thinking and the soul heals itself.

We believe that underlying every mental block of every kind is an intuitive error. Listen to your intuitive mind and believe in it and the mind heals itself.

We believe that underlying every intuitive error of any kind is a spiritual separation from the Divine. All we need to do is re-unite ourselves with the Divine, from whom we have never been disconnected, and we heal ourselves on every level of our being.

Spiritual Healing Techniques

The list of spiritual healing techniques that follow are adopted by the members of the Federation of Spiritual Healer Licensing Boards. These techniques may be used by licensed spiritual healers for spiritual healing purposes. If you have any questions please reread our spiritual healing paradigm.

Types of Spiritual Healing

Spiritual healers teach their clients several different techniques to help them heal themselves. They also use several different techniques that take years to master and are not easily taught to others. Most spiritual healers learn several different techniques in both categories. They teach their clients how to use some techniques and they use techniques which are more difficult to master. These techniques generally fall into the following categories:

Anointing with oil or essential oils

Anointing with water, salves, ointments or other agents

Laying on of hands

Sending spiritual healing energy through the hands, eyes, third eye or heart

Meditation

Prayer, affirmations and chants or mantras

Spiritual cleansing of all kinds

The Federation of Spiritual Healer Licensing Boards ([FSHLB](#)) has developed a list of accepted [spiritual healing techniques](#) that can be used by licensed spiritual healers. This list has been adopted by most spiritual healer licensing boards. If you practice any spiritual healing technique not listed on the FSHLB list of approved techniques, we suggest you ask your spiritual licensing board to consider petitioning the Federation to add that technique to their list.
